[Jews take control of Ukraine - Židé se zmocňují Ukrajiny](#)

Volodymyr Zelensky won the Ukrainian presidential election on April 21st, 2019. **Both the president and prime minister of Ukraine are now Jews.** In the lead up to the election, much of the mainstream media focused on Zelensky, who is Jewish, being a comedian with no political experience. What wasn't mentioned, was that a Jew himself, was backed by **Ihor Kolomoyskyi, a Ukrainian-Jewish oligarch currently residing in Israel.** A few years ago, Kolomoyski funded the Menorah in Dnipro, the biggest multifunctional Jewish centre in world. He also owns 70% of the 1+1 Media Group, which aired 'Servant of the People', the comedy series in which Zelensky played the president. There is strong belief that Zelensky was hand picked by Kolomoyski to run for the Ukrainian presidency.

Prezident i předseda vlády na Ukrajině jsou židé, to je ten důvod jejich fanatické podpory sionistů z Prahy, kteří se zmocnili ještě mnohem snadněji Českého státu. Na Ukrajině se židé dostali do války se slovary, takže snad výrazně slovanská Česká republika oficiálně, fanaticky a hlavně horlivě podporuje pochopitelně Židy!
